We would like to explain a little about the cooking and the color of our smoked meats. We hand rub our high quality meats with a special blend of spices and slowly smoke them for many hours until we reach that point when the tenderness and color meet. The pinkish color is a result of the slow smoking process. Top this all off with our famous BBQ Sauce and you will enjoy the finest BBQ in all of New England.

Just a note explaining our ribs. The Yankee Smokehouse serves **TWO** types of Pork Ribs.

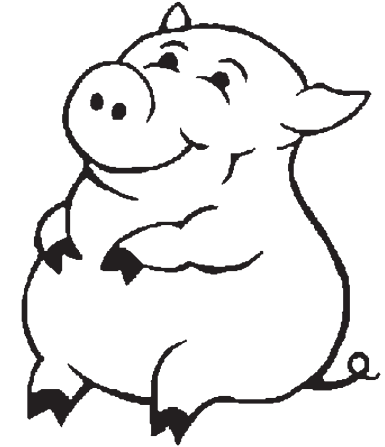

SMOKEHOUSE Ribs, which we are famous for, are a large spare rib, specially ordered from the mid-west & are of the finest quality available.

BABY BACK Ribs are a smaller rib. They are especially noted for their sweet, tender flavor and are very lean.

Hope to see you again soon!
